ACCU-VOLUME SYSTEM™

Benefits of the Accu-Volume System

- Know exactly how much solution/product you have in your tank(s).
- Load your sprayer faster, safer and accurately.
- Not affected by foam.
- Provides accurate batches every time.
- Know exactly what is remaining in batch before refilling.
- Eliminates running short or over-batching.
- Reads right down to the last gallon.
- Works with any size or shape of tank.
- Increases operator efficiency; spray more acres per day.
- Easy to install.
